1. JUL 11.

I was the Aerial Engineer and Top Turret Gunner of a Liberator which took off from HORSHAM ST FAITH on 11 JUL at 0800 hrs for an attack on MUNICH. We were hit over the target by flak and the E/O engine failed approaching BRESKENS on the route home causing the a/c to lose height rapidly. The Capt gave the order to bale out and I was the first to jump. I landed in a wheat field about 1 mile South of the village of BRESKENS ( GSGS 4336/2 094190 ) and immediately hid my parachute, harness and mae west in a ditch.

2. JUL 11-14.

I then walked South for about ten miles and hid in a field of wheat near a farm. There were some men working nearby and I managed to attract the attention of one of them. He spoke no English, but I finally convinced him of my identity, whereupon he told me to remain in hiding and that he would return in one hour. He returned bringing me some food. He was accompanied by a friend who took me to a farmhouse where I was given civilian clothes and where I stayed for three days. There I was visited by a Doctor from BRESKENS, and also by a young man, both of whom spoke good English. Thereafter I was taken care of.

1. JUL 14th. The young man ( name not known ) who visited me at the farmhouse where I was staying was a member of the Dutch Underground Movement and he, accompanied by an Official of the same organisation, took me to the village of WATERLAND KERKJE ( GSGS 4336/2 087103 ) where I met

P. NERMEULEN,

who was also a member of the Underground Organisation.

where I stayed for seven weeks. When NERMEULEN felt that the Germans suspected his activities, he was afraid that his connection with TOURNE might lead to a search of his, TOURNE's, house, and he then took me to the home of:

I stayed with this family for five weeks, remaining hidden all the time as there were German troops in the neighbourhood and frequently German officers were actually billeted in the farmhouse.
